Grade 10-12 is known as the FET-phase (Further Education and Training) that eventually culminates into the completion of the National Senior Certificate. Subjects usually build on knowledge acquired in lower grades and learners often find that the subjects are harder without the pre-acquired knowledge of the lower grades. If a candidate wishes to study further after grade 12, the candidate is responsible to find out which subjects are required for acceptance into the desired course or programme at a tertiary institution. These requirements often differ from institution to institution.

It is strongly recommended for the candidate to have internet available, or a fax, to ensure quick communication.

Grade 12 candidates can register up until the 1st of April 2012, whilst registration for other grades is open for the whole academic year. If the candidate is on an instalment option regarding his/her account, the second (of four) payments must be paid in full by the 1st of April 2012.

We will send you the Exam Board registration forms, as well as the Amanuensis application, as soon as Delta has accepted your grade 12 application and enrolment.

2. I/we acknowledge and agree that the final responsibility for the education and training of my/our child(ren) remains with myself/us as parent(s) and that Delta Education is merely a provider of products and services as an aid to support myself/us in my/our education and training responsibilities, and that this is not an enrolment at the Department of Education.
