WELCOME PACKAGE

2009

CONTENTS:

1. Farewell 2008.
2. Welcome letter 2009.
3. Tear off slip for broadband access.
4. Invitation to Adventure Camp for Jan. 2009
5. How to get in contact with Delta Education
6. Year program for 2009.
7. Request for Profile – Edlab cards.
8. Mark sheet (half and end of year) for gr. 4 to 12.
9. Subject advisors list 2009.
10. “My School” application form.
11. Debit order.

PLEASE STUDY EVERY DOCUMENT!!

It is of great importance that you study and pay attention to this letter. It will keep you up to date with happenings and requirements set and will save you a lot of frustration!

Dear Parents, Learners, Centre Principals and Facilitators,

26 November 2008

FAREWELL 2008

2008: A TOPSY-TURVY YEAR

Delta is a living system which continues to upgrade in order to remain relevant and to adapt to market expectations and to accommodate changes. South African education is generally a topsy-turvy situation of change. We wish we could ignore it and continue peacefully in the old ways. Such an approach would be self-destructive because Delta's students would not be equipped and prepared for the final matric examination.

2007/08 were two challenging and turbulent years and placed extreme demands on our capacity to adjust learning material and to create new learning material. We have come through the worst and can now focus our energy and funds on improved service delivery in 2009. Besides better service delivery, 2009 will be a year of quality upgrades during which we will look at the quality of graphic presentation and language. We are working extremely hard on the best home and distance school system that money can buy. Please be patient. Mistakes and blunders still creep into our work, but if you continue to point them out to us, then from our side we will endeavour to do all that we can to have an excellent product ready for 2010. Please help us eradicate all unnecessary mistakes and blunders. Please email/fax all mistakes and blunders to Elize Botha at the graphics department in order to resolve the situation.

With respect to all the challenges, we are ready with the work for 2009! **If you enrolled between 1 September and 20 November 2008 for 2009, your study material will be ready for collection or at your request and cost, will be posted or sent by courier.**

Our office will close on 12 December 2008 for the public and re-opens D.V. on 8 January 2009. We wish every parent and learner a wonderful, safe and relaxing period of rest as well as a blessed Christmas. Thank you to all our clients who thought of us and carried us in prayer throughout the year. Thank you for your patience, letter or cards or encouragement! All the praise and glory to our Heavenly Father for another year of blessings, provision and caring for us. May Delta operate and achieve that His Name might be praised so that our action will not hinder the children to come to Him in 2009.

WHY MUST EXISTING DELTA LEARNERS REGISTER FOR 2009?

Clients must register annually so that a contract can be concluded which includes all adjustments and changes. New payment regulations must be arranged. Grade and subject adjustments need to be done.

The earlier you register the easier it is for us to ensure your work will be available. If for some reason or other you have not received an information brochure, please request one from one of our client service officers who answer the telephone.

REPORTS FOR GR. 1 TO 11

Those whose mark sheets are fully complete and are returned to us and whose examination scripts have reached us not later than 27 November 2008, will have their reports given or sent out on 12 December 2008.

GRADE 12 RESULTS

Grade 12's record exam and year marks have been finalised according to the Umalusi Standard and they have been prepared and sent to everyone. The candidates who worked diligently and in earnest (137 out of 256) and who attended the winter and finishing schools, achieved good results in general and each will be rewarded for their hard work.

Unfortunately some parents and candidates (119/256) did not respond to our prompting that the year mark would count this year. Of the 256 matriculants who entered the final exam, only 137 had a year mark. Without a year mark a candidate cannot expect a good result.

The preliminary results of the final exam can be expected between the 28th and 31st December 2008. Delta will undertake to contact everyone as soon as the results are available from Umalusi. Please remember that you will not receive your National senior Certificate now but only a preliminary result. The results can still be adjusted depending on the results of a remark or recount or a re-examination. Please do not accept the preliminary result if you believe that you should have fared better. You can apply at the IAEB for a remark or recount of your script. In the past a

remark or recount has resulted in an improved situation as an E symbol became a B symbol or a B symbol to an A symbol.

WELCOME LETTER 2009

1. EXCELLENT CHOICE!

It is a wonderful privilege to welcome you one and all as members of the winning team of delta 2009. It is our prayer that you and your family will be richly blessed by teaching your own child/ren at home in the ways of the Living God!

With Delta Education as your product and service provider we ensure you that you are able to empower your own children in the best possible education around!

Delta Education is therefore bound to support you in your big task of home schooling with products and personal service in the best interest of your child at all times.

It is delta Education's aim through products and services to render a substantial contribution towards your effort and aim to prepare your child as an equipped, stable and characterful adult for the life ahead. Excellent service delivery is a pre-requisite for your success, therefore service is our priority. If you have any problem with our service delivery you can contact me personally during office hours (8:30 to 16:00) on the following number, Pieter Botha 0823740476, or you can contact the ombudsman, Johan Labuschagne on 0763069501.

2. YOUR RESPONSIBILITY

You have your child's future at heart and have weighed up all the possible options and have come to the decision that home schooling or small group education in a micro school or centre is the best alternative. It is an excellent alternative but unfortunately not the easiest one and will require discipline and responsibility before God and his Law to guide and support your child. Home schooling can only succeed when there is a firm partnership between you and your child/ren and between you and your family, i.e. you function as a team. Micro schooling can only be successful if you have a sound relationship with the facilitator. You must at all times pursue the best interest of your child and never leave your child to his/her devices. Large numbers of home schoolers are hugely successful and you will also be successful!

3. A NEW LOOK

We hope that you will like the new look of Delta and that the new look will impart joy and pleasure to the hours of home learning. Delta boasts not only with a new look but also a number of new subjects with exciting content. You have heard it all as this is just the beginning of a complete change. The full power of the storm will only be felt D.V. in 2010. Wait and see We hope that the old guard will notice that in most of the subjects the full year's work will be ready in time.

4. IMPROVED SERVICE

During 2007 and 2008 we invested large amounts into a modern infrastructure, We trust that you will notice that from January 2009 there will be a marked improvement in Delta's effectiveness and capacity for improved service. Please remember that although delta has done everything possible to improve service, Delta is still dependent on you, especially for contact information. Please stick to the rules. Hand in work on time, use the correct forms for marks and return them to us.

5. THE STANDARD OF DELTA!

Delta has been well developed and is continually updated. The product that accompanies this letter is completely up to date. The delta lectures comply fully and are more than the prescribed minimum of the new curriculum as it includes aspects 85-93 of the Flemish/Netherlands curriculum and the Cambridge curriculum.

The authors of our subjects are people who have already made their mark in education, ex-teachers, school principals and doctors. Some of them have written text books, drawn up provincial examination papers and through the years have managed and developed the subjects. We are blessed to have the best, highly qualified staff with insight and vision – who, like Delta – view their task as a calling. They will, as in the past, monitor and update their various subjects. They are the people who will monitor your child/ren and whom you can ask for advice.

6. CAN DELTA LEARNERS WRITE A LEGAL MATRIC?

Delta lectures satisfy Umalusi requirements for the obtaining of a National senior certificate (Matric) as well as the requirements needed for South African Universities and Colleges, as well as First World Universities like the Netherlands Open University and Cambridge. Delta's grade 10 to 12 learners are registered by the Independent Afrikaans Examination Board for writing a legal and Umalusi accredited matric.

Let's look at Articles 6 and 7 of the Regulation of the National Senior Certificate stipulation which was issued on 29 August 2008. These articles stipulated that only persons, who are enrolled as full time learners at public or independent schools, are allowed to write the exam for the National Senior Certificate.

It does not end here for home schoolers, because Article 59(4) to (11) of the same regulation must be read in conjunction to it. Herein there are bridging measures that are stated for putting the regulation into operation. They determine that the above mentioned requirements (that only full time learners at state or private schools may write the exam) *will only come into operation when the minister, after three years, has been able to provide alternative equivalent qualifications, for part time candidates and public and private institutions have been set up and are operating correspondence education, that prepare candidates for the qualification.*

In other words provision is still made for home schoolers to write a legal matriculation and provision for the future will be made for home schoolers to obtain a legal matriculation.

7. JUDICIAL PROTECTION

Home schooling is legal and you and your children's rights are protected by a professional institution, the Pestalozzi trust. As an enrolled Delta family, registered micro school or centre, you are automatically registered by the Pestalozzi Trust for judicial protection of your constitutional right to educate your child/ren at home, in a micro school or a centre.

The registration fees for the Pestalozzi Trust are already included in your package fees and are automatically paid over to the trust by Delta. If you feel that your rights or the rights of your child are threatened by the authorities, contact the Pestalozzi trust at: P.O. Box 12332, Queenswood, Pretoria, 0121; Tel: (012) 330 1337; Fax: (012) 331 1018; email: defensor@pestalozzi.org

8. CONTENTS OF YOUR PACKAGE

The package consists of:

- Option 1: Delta, hard copy of Grade 0 to 12, consists of two sets of text books per subject and video lessons on DVD, where it is available for certain subjects from Gr. 8. The one text book is the learner's guide and the other is the parent's guide.
- Option 2: Delta Digital for Grade 1 to 9. This is in CD format with the **learner's guide, parent's guide** and an evaluation system. The work on CD can also be printed.

The learner's guide contains all the material that the learner must know.

The parent's guide contains directives for the parent i.r.o. how the subject should be approached and presented. It includes question papers for the open book tests as well as question papers and memoranda for the term examinations.

VERY IMPORTANT! The parent guide must be kept away from the child! The contents are strictly confidential and are only for the parent. **Learners must not have access to the parent guide.** Both option 1 and 2 include the services of: the marking of tests and exams as well as reports, registration certificates and access to subject advisors.

Your package consists of the year's work, and is as complete as possible when sent to you.

9. IS MY WORK COMPLETE?

Your work for the year is complete with the exception of some subjects where the curriculum was changed at the last minute by the education department and we needed to make adjustments, resulting in that the work will be sent to you for each term. If there is a lack of learning material please be patient, we will ensure that the learners are not disadvantaged.

10. VIDEO LESSONS AND DVDs ARE INCLUDED IN YOUR PACKAGE!

There is an urgent need for effective additional help in subjects like Mathematics, Physical science, Languages, Engineering Graphics and Design, Hotel and Catering, etc. Delta has made video recordings of the subject advisors giving the lessons. The recordings have been placed on DVD and are included in your package. These DVDs are a powerful help for the difficult subjects. You do not have to pay for expensive extra classes; these DVDs will satisfy the need.

Please note that these DVDs apply from Gr. 8 in certain subjects only.

11. EASY ONLINE SCHOOL AND BROADBAND ACCESS

We are working on a system that by 2010 you will be able to enrol online at Delta and also be able to download all your learning material, and also be able to do the exam online. Learners will be able to contact the subject advisors and fellow learners online as well.

The online option will make all our lives a lot easier. Access to subject advisors will be easier, reports will be faster, a lot less printing to be done which will enable us to contain rising costs and give you the best affordable education.

The company UCOMS can give every family, micro school or centre an affordable broadband connection. You need broadband connection to be online successfully. Please complete the questionnaire at the end of this letter and fax or email it to Jacques Bekker at inet@impakonderwys.co.za or 012 664 2618 in order for UCOMS to do the necessary planning.

12. IS A COMPUTER AND INTERNET NECESSARY?

If Option1, Delta, is used the availability of a computer is not necessary unless you want to make use of the DVD series or if your child has enrolled for specific subjects where access to a computer and internet is a requirement.

You cannot use Option 2 without a computer.

13. YOU HAVE 7 DAYS TO REPORT FAULTS!

All your work is issued by means of an electronic control form. Please ensure on receiving your package that the contents comply 100% WITH THE CONTROL FORM. A discrepancies i.r.o. the package that you receive must be reported to delta within 7 days after receipt of the package. If no faults are reported within 7 days we will assume that your package is complete as delivered. Delta will not be responsible for any faults or mistakes after the package has been in your hands for more than 7 days!

14. CERTIFICATES OF ENROLMENT AT DELTA

You will receive a certificate as proof of your enrolment at Delta education. Keep it safely as it is proof that you are enrolled at a home school service provider. Please note that this certificate is not proof of your registration at the Department of Education. You must under no circumstances contact the Department of Education on your own! Please contact the Pestalozzi trust first at P.O. Box 12332, Queenswood, Pretoria, 0121; tel: (012) 330 1337; Fax: (012) 331 1018; email: defensor@pestalozzi.org

15. RETURN OF REVIEWED WORK

If you send work to a subject advisor for review you must please enclose a pre-paid envelope in order for it to be returned. No work will be returned without a pre-paid envelope.

16. ENRICHMENT SUBJECTS GRADE 4 TO 7: AVAILABLE ON REQUEST

There are wonderful and worthwhile enrichment subjects available on request. Enrichment subjects are not examination subjects. They are Art, P.E., Biblical Studies and Folklore. Enrichment subjects are automatically loaded on your CD, Delta Digital, **but only printed at your request**. If you are interested in a hard copy of the enrichment subjects, please contact the office to order these books at no extra cost.

17. SUBJECT CHANGES

No subject changes will be done after 30 April 2009. You will be responsible for all the costs for subject changes after the date mentioned herein.

18. PRESCRIBED READING BOOKS

You are responsible for your child/ren's prescribed reading books (see attached list), either from your local library or to purchase them for yourself. Delta recommends Protea Book Shop at tel: 012 362 5683 or 012 362 3444 or you can contact Edufocus at tel: 012 653 5592/7

If you cannot be helped at your local library or at the above mentioned institutions you are free to contact us. We will immediately, with proof of payment of the full amount, send you the required books.

19. EDLAB/PROFILE CARDS

An EDLAB/Profile card request form is included for parents with children of compulsory school going age (7 to 15 years). If you want Delta to apply for the EDLAB/Profile cards please complete the request form fully and return by registered mail. Delta will then ensure that the cards are obtained.

20. LEARNERS WHO NEED INDIVIDUAL AND INTENSIVE ATTENTION

The results of the past three year's examinations have proved that there are learners with unique needs and deficiencies. These needs and deficiencies can, in most cases, be addressed through **individual and intensive** attention. Our subject authors are prepared to give that **special individual and intensive** attention.

This service will be provided with additional fees. If you want more information concerning this service, please contact the relevant subject advisor.

21. APTITUDE TESTS AND PERSONALITY PROFILE

We view this as worthwhile and important that a learner should be tested. When the aptitude and profile are known, we can help learners with the correct subject and career choices. These tests are normally very expensive. However, there is good news. We have an agreement with the company **NEURO-LINK**, who will do these tests for about R450,00 and will give a report with recommendations. You can contact Mrs. Anneline de Kock at: 082 345 1609 or 102 996 1356.

22. HOW TO APPROACH THE WORK

Every lesson represents approximately two hours of work. Enrichment studies are divided into hourly units. That includes the time an average child would take to complete an open book test and activity.

Your child will have to master certain main subjects, minor subjects and enrichment subjects. Main subjects are Afrikaans, English and Mathematics. Folklore, P.E., Biblical studies and Art (for grades 4 to 7) are known as enrichment subjects, while the minor subjects encompass all the other subjects. **Main subjects and minor subjects are compulsory exam subjects. Enrichment subjects are not exam subjects.**

Your child/ren must spend 4 hours or two lessons per week on main subjects, 2 hours or 1 lesson on every minor subject and 1 hour or 1 lesson on each enrichment subject.

23. HOW TO COMMENCE WORKING FROM TODAY

1. Read the introduction of every parent guide. Make sure you understand what is required.
2. Make sure you understand the learning outcome and assessing requirements that are discussed in the parent guide.
3. Page through the learner's guide and parent guide to understand the term's work
4. Make a weekly time table for you and your child/ren as given in the example below. The time table is just an example and you need not follow it completely.
5. Prepare yourself for every day's lesson by studying the lesson and parent guide carefully. Make sure you ask stimulating questions which are logical for your child/ren. You must enhance their inquisitiveness with stimulating questions. An inquisitive child learns a lot easier.
6. Allow your child to answer the stimulating questions themselves by discovering the answer from a variety of sources.
7. Allow your child to write down in the journal the answers he/she discovered and allow them to discuss them.
8. After your child has given you feedback, allow the child to do the open book test at the end of each lesson. Remember it is an open book test. Therefore the child may use all available resources to him/her as well as the lesson to get the best possible answer. After the child has completed the open book test, you must correct it according to the memorandum in the parent guide. Before you and your child start a new lesson ensure that all the mistakes have been corrected. Your child must get at least 80% before continuing to the next lesson.

24. WHAT IS A JOURNAL AND A PORTFOLIO FOR GRADE 4 TO 9?

The journal is simply the child's own rough workbook. That is, his/her own work, opinions, discoveries, etc. The journal is never reviewed.

The portfolio is the child's work book in which all his/her formal work such as open book tests, activities, projects and all other written work is done. The portfolio is **definitely** reviewed and your child is formally assessed by yourself for all work done. Class tests and term tests must also be placed in the portfolio. In the back of the portfolio, place the mark sheet. The portfolio can be in normal writing in a hard cover book or a file. You can decide which is best.

You must please make an arrangement with the subject advisor when you will send the portfolio for assessment. It is important that the subject advisor has a copy of your child's portfolio at least once every second term for assessment. Please send the copy of the portfolio with a pre-paid envelope to the relevant subject advisor. They will review the work and return the moderated portfolio to you. You and your child must please read the comments of the subject advisor.

25. YEAR PLANNING: LESSON SCHEDULING

Here is an explanation of how Delta has structured a yearly program. With this structure you will find that there is enough time to complete the full year's work. Also find an exemplar time table to enable you to structure your child's daily and weekly work.

	Real academic work weeks (Review and exams)	Main subjects 2 hour lessons	Minor subjects 2 hour lessons	Enrichment Subjects 1 hour lessons
--	--	---	--	---

	excluded)			
Term 1	6 (30 days)	12	6	6
Term 2	9 (45 days)	18	9	9
Term 3	9 (45 days)	18	9	9
Term 4	6 (30 days)	12	5	6
Total	30 (150 days)	60	30	30

Main subjects (Afrikaans, English, and Mathematics) 4 hours per week, divided into 2 lessons of 2 hours each with four 1 hour lessons to complete the work. **Minor subjects:** One lesson of 2 hours per week with two 1 hour lessons to complete the work. **Enrichment subjects:** P.E., Folklore, Biblical studies and Art. One lesson of 1 hour per week with one hour period to complete the work

EXAMPLAR TIME TABLE (6 HOUR SCHOOL DAY)

	7:30 – 8:00	8:00 – 9:00	9:00 – 10:00	10:00 – 10:30	10:30 – 11:30	11:30 – 12:30	12:30 – 12:45	12:45 – 13:30
Mon.	Open	Afr	Maths	Break	Eng	Science	Break	Technology
Tue.	Open	Geog	Afr	Break	Maths	Eng	Break	Initiative

Thu.	Open	Biol	Eng	Break	Maths	Afr	Break	Folklore
Fri.	Open	Biol	Geog	Break	Science	Hist	Break	Music

26. THE YEAR PROGRAM: EXAMS, TESTS AND TERM TIME TABLE

We enclose a complete year program for your attention. Please place this program in a prominent position in order for the family to take note of Delta's activities.

You will notice that term one consists of 6 academic weeks, term two 9 weeks, term three 8 weeks and term four 6 weeks. There is also enough provision made for exams, revision work and the adventure camp. The academic year starts on 19 January and ends on 25 November 2009.

Is the year program rigid? The answer is **NO**. You are in complete control of your own program. **We cannot and will not be prescriptive of how you arrange your program.** Our year program is just an example of how you can set up your own. The only dates which cannot be changed are the June and November exam reviews, reports, the winter and finishing schools, congress and the adventure camp. You can do the term exam when you like, but please note review times are fixed.

The question papers and memoranda for the term tests are already in the parent guide in most cases. If there is a problem, please contact the office to resolve the situation.

The exams at the end of terms 2 and 4 are not provided with memoranda. These exams are external exams, and are marked and reviewed by the Delta team. You may however **after the** exams purchase the memoranda @ R25 per memo and review your child's answer paper. Please note that if delta reviews your child's answer paper, we will give our opinion of the result. However if you review the answer sheet then your opinion will be noted on the report.

You may not review your child's answer paper until the exam is officially over.

After the June exam the reviewed answer papers will be returned so that you and your child can review and correct where necessary. No answer sheet after the November exam will be returned. The exams must be invigilated by someone else other than the person who works with the child on a daily basis. However, if you would like your child's answer paper to be reviewed and marked externally; please send the answer paper to the head office after the exam.

Exams may be done earlier than the official dates, but will only be reviewed and marked on the determined dates.

Reports will only be issued on the determined dates. **NO** reports will be issued prior to the determined dates shown on your year program.

27. IMPORTANT DATES

Metric enrolments and orientation:

21 February

The subject authors are there to work with the Grade 12 candidates. Final subject choices are done. Enrolment with the IAEB is done. Lesson material and extra answer sheets are available.

Cambridge and Technical subjects introduction course:

21 February

The subject authors are there to work with the Cambridge candidates. Final subject choices are done. Lesson material and extra answer sheets are available.

<u>Practical and Technical subjects. Introduction course.</u>	12-13 January
<u>Practical and Technical Subjects. Follow up course.</u>	29 June – 2 July
<u>Winter school for Grade 12s and Cambridge:</u>	29 June – 2 July
<u>Metric finishing school:</u>	22 – 25 September
<u>Metric farewell</u>	26 September
<u>Mid year exam Gr. 1 to 11:</u>	15 – 26 June
<u>Year end exam gr. 1 to 11:</u>	9 – 25 November
<u>Record exam Gr. 12:</u>	28 July – 14 August
<u>For all: Adventure Camp Grade 1 to 12:</u>	15 – 18 January

For the tough: endurance and leadership camp: Grade 8 to 12

21 – 25 March

Wonderful opportunity for self discovery, personality growth and development and a very challenging adventure course. Professionally presented, invitation to follow in February.

Delta's Sports Day:

14 March

Delta's big sports day takes place on 14 March 2009 at the Moria camp grounds (see Directions attached to adventure camp invitation) at Kameeldrift just outside Pretoria.

- Entry fee for the day is R10 per person. Payable at the gate. Entry fee includes the following: Parking and entry fee for participation in the sport for the day.
- The day is open for all home schoolers.
- Lunches can be purchased: Curry and rice, hotdogs, hamburgers and a tuck shop for cold drinks and sweets.
- Additional activities such as shore riding and paint ball will be available at minimal cost.
- Parents can bring their own camp chairs – enough shade under the trees.

Sports items that will be presented:

- 80m sprints – all age groups
- 100m sprints – all age groups
- Discus
- Shot put
- Javelin
- 7 a side rugby
- Action cricket
- Volley ball
- Tug of war
- Cross country
- Archery
- Target shooting
- Catapult shooting
- 10m sack races
- Pillow fights

For more information contact Neels Beyers at:

Tel: 013 932 3960

Cell: 084 506 5233

Email: madelein.beyers@telkomsa.net

28. VARIOUS SPORT AND CULTURAL ACTIVITIES WHERE DELTA IS WELCOME:

17 January	CVO PTA Lynnwood Road: presents athletics clinic: Springbok coaches and athletes.
7 February:	Home school/CVO athletics at Rayton Primary School
21 February:	Home school/CVO athletics at CVO Magalies
7 March:	Home school/CVO athletics at CVO Verwoerdburg
1 May:	Winter sports day with rugby and netball at Rayton primary School
14 August:	15:00 Language and eisteddfod/cultural/recital at Kleinfontein community hall.
5 September:	8:00 Cross country at Kleinfontein reserve

Families or centres that are interested please contact **Mr. Philip van Vuuren** at 082 443 5948.

29 Evaluation: GR. 1 to 9

The measurement of your child's progress is done by means of class tests, projects and exams. This measurement process is called continuous evaluation. Delta provides you with the necessary open book test at the end of each lesson, by means of which with the memoranda in the parent guide, you can do your own continuous evaluation. We supply you with term tests for terms 1 and 3 with memoranda so that you can review on your own. There are a considerable number of activities and projects given in the lesson material. They do not all have to be done, but those who want a challenge and stimulation can do all of them.

There are, however, some projects and activities that are compulsory and must be reviewed by the subject advisor. Such projects/activities are clearly marked in the parent guide book. If nothing is mentioned then there is no project which has to be done. Delta supplies the June and November examinations as external examinations which are reviewed and marked by the delta subject advisors.

How to calculate the term mark for open book tests and term tests for Grades 4 to 9:

Add together the results for each term of all the open book tests and rework to a mark out of 100.

Also rework the term test results to a mark out of 100.

Enclosed find two mark sheets. The first is the mark sheet for terms 1 and 2 (mid-year). The second is the mark sheet for terms 3 and 4 (year end). Please write the open book test mark and the term test mark on the mark sheet. The mid-year mark sheet must accompany the mid-year exam answer papers sent to us (November).

To these marks that you send we add the mid-year and year end exam to create a valid and balanced report. The report system can only print a report if all the marks, i.e. your marks and the external exam marks are fully submitted. Help us by sending your marks timeously in order that we can issue the reports on time.

How are grades 0 to 3 evaluated?

These children may not be officially evaluated, but Delta is willing with the help of Mrs. Joanie de Jager to establish whether your child is on course and to make recommendations where necessary.

Grades 0 to 3: Receive exams for terms 2 and 4 which can be sent to Mrs. De Jager for review and comments. However if you would like an appointment for your child to be evaluated by Mrs. Joanie de Jager, you can bring your child to the Delta office and this evaluation is free. Contact Mrs. De Jager on 0832941931.

30, HOW ARE GRADES 10 TO 12 PROMOTED AND EVALUATED?

Enrolment for Grade 10 cannot be finalized without a valid Grade 9 report. No Grade 10 shall at the end of Grade 10 receive a valid report unless a certified copy of the valid Grade 9 report has been sent and is on file with us. Also no Grade 11 report will be issued without a valid Grade 10 report which is on file with us. No Grade 12 may enrol for the year and exam without a certified copy of a valid Grade 11 report being on file with us.

All grades 10 to 12 will D.V. by 21 February receive a complete file with portfolio assignments and the specifications for each subject for 2009. All the portfolios must be handed in to Delta by 1 August complying exactly with the specifications. However, if you are unsure how to put together the portfolio, please contact the subject advisor directly. In short, the portfolio file is a subject file wherein all the open book test marks, term tests with marked answers, questionnaires and projects with the assignments and memoranda. This must be done for each relevant subject. They must be bound. The portfolio file must be assembled and supplied with a table of contents wherein all the subdivisions of the work are indicated. There is no report. The marks of the portfolio are eventually added to the record exam mark and sent to the IAEB as a year mark. With regard to the non practical and non technical subjects the year mark counts for 25% of the eventual mark of the National senior Certificate and the final exam counts 75%. With regard to practical and technical subjects the year mark counts 25%, the practical exam mark 25% and the final exam 50%.

Grade 12s are enrolled by Delta with the IAEB to write the final exam (Umalusi National senior Certificate). Umalusi eventually issues the National Senior Certificate to each candidate who has passed. It can take a year before Umalusi issues the National Senior Certificate.

The IAEB is a body that, under the supervision of Umalusi sets up the exam, questionnaires, presents the exams, reviews the work and assimilates the marks before sending it to Umalusi. The IAEB is an independent exam board. Delta pays for the IAEB services and has nothing further to do with them Delta has no authority over the IAEB. Delta prepares Grade 12s up to the record exam and for the final exam. The final exam, results, re-examination, certificates etc. are totally an IAEB matter. Both delta and the Pestalozzi Trust will look after the Delta learners' interests and will react if any candidate is disadvantaged by the actions of the IAEB and Umalusi.

31. WHERE DO THE GRADE 12s WRITE THE EXAM?

Delta Grade 12s will write this year's final exam at AIEB appointed exam centres. The AIEB will contact each Grade 12 family for the placement of the candidates at the various centres.

32 ACCOUNTS

You will receive monthly accounts from Delta. Please check your account for any anomalies and contact our accounts department if there are any.

Your monthly commitment must please reach us on or before the 7th day of each month. Interest will be charged on overdue accounts. If you are more than 90 days overdue with your payments and you have no written arrangement with our office, unfortunately we will have to blacklist you and withhold all exams and reports until all outstanding amounts have been settled.

Please ensure that your initials and surname and your Delta client number are clearly marked on your deposit slip. Without your client number we are unable to reconcile your account.

33. BANK DETAILS

Delta's banking details are as follows:

Bank: ABSA
Branch: Lyttelton
Branch code: 63-20-05
Type account: Cheque account
Account number: 4069 361 821

34. MYSCHOOL CARD: WOOLWORTHS

Please support the "My School" project from Woolworths as a free member of the program. Woolworths will with every transaction made, pay delta a small commission. This money allows Delta to help the underprivileged families. Fins attached a "My School" application form. Complete and fax to 0866 822 833

35. SUBJECT ADVISORS

The Delta team of 51 subject authors are available to you with advice. If you find that you cannot make head or tail out of the parent's guide concerning a certain subject please contact the relevant subject advisors for your child. Please contact them in order to receive help and satisfaction for your child.

36. OFFICE HOURS

You are welcome to contact us from Monday to Friday from 08:30 in the morning until 16:00 in the afternoon. The telephones are extremely busy but we do our best to handle all calls. If your call is not answered immediately, please be patient and try again. If you are still unsuccessful, please find attached all Delta contact details. Keep this list near your telephone.

HIS LIGHT STILL SHINES!

IF YOU WOULD LIKE ACCESS TO BROADBAND INTERNET, PLEASE COMPLETE THE QUESTIONNAIRE AND FAX TO JACQUES BEFORE OR ON 10 JANUARY 2009!

INVITATION: ADVENTURE AND CHARACTER BUILDING CAMP 2009!

(Please respond before or on 9 January 2009!! Fax: 013 932 3960)

Every Delta student from grade 1 to grade 12 is heartily welcome!

THEME: "I will fulfill my part in the family"

Please take note of the following:

1. Delta will be shortly undertaking in conjunction with IMBILA an exceptional adventure and character building camp especially for our Grade 1 to 12 students.
2. The camp will focus on subjects such as biblical order, discipline, parent authority, obedience, effective time study, biblical principles with regards dominion, leadership, responsibility, perseverance and a lot more.
3. All these elements will be impressed upon the student by means of an exciting but safe adventure program.
4. The camp will be presented by well qualified responsible instructors of Imbila under the guidance of Mr. Neels Beyers.
5. Here is an ideal opportunity for nurturing, adventure, culture and healthy fellowship, in short: socializing at its best!
6. This camp will take place at the Moria Camp Grounds at Kameeldrift just outside of Pretoria. Parents can bring their children to the camp grounds themselves and then pick them up again. Delta is willing for those children who come from far, to pick them up at the airport, bus and train station, and to ensure that they are taken to the camp and once again returned to the airport, bus or train station.

Request of Profile file/EDLAB Card

The parents of the students mentioned below have enrolled them at Delta Education for continuation of their school career. Please send the Student's Profile files/EDLAB card/cards mentioned below to the above address for continued safekeeping and enrolment.

Nr:	Student: Name and Surname	Student: Grade

Thank you for your friendly co-operation.

Yours Truly

 P.B. Botha
 Executive Manager

HOW TO GET IN CONTACT WITH DELTA EDUCATION

Three easy steps

Step 1: Dial 012 664 8552.

Step 2: One of four service officials should answer after ten ringtones. State your case and allow the official to guide you to the correct department for assistance.

Step 3: If all 8 incoming lines and the service officials are busy with incoming calls, a voice will then prompt you to make a selection for the department of your choice, via a choice list. Listen for the extension option and press the required key to reach the department of your choice. Should the department be busy you may leave a message.

The Public Relations officers mentioned below, will be of service to you. They capture every call on computer as well as the nature of the call .If however they are not able to give a satisfactory answer, they must within 48 hours respond to you with a progress report. Every incoming and outgoing call is recorded for record purposes. If however you are still unsatisfied with the service given by the official, please report the case to the relevant department head and if still unsatisfied please report the case to Mr. Johan Labuschagne, the Ombudsman/Quality Controller.

Extension: 6, fax: 0865567262, e-mail: ombudsman@impakonderwys.co.za

TO SEND A FAX OR E-MAIL:

Please address your fax/e-mail to a specific person in the relevant department with whom you want contact or from whom you expect a response.

PLEASE ENSURE THAT YOU RECEIVE SERVICE:

PLEASE ENSURE THAT YOU WRITE DOWN THE NAME OF THE OFFICIAL WITH WHOM YOU SPEAK AS WELL AS THE DATE OF YOUR CALL OR FAX/E-MAIL AS WELL AS THE QUERY REFERENCE NUMBER. YOU ARE ENTITLED TO PROFESSIONAL SERVICE AND YOU MUST DEMAND IT!

PLEASE NOTE THAT ALL TELEPHONES, ALSO CELL PHONES, WILL ONLY BE ANSWERED DURING OFFICE HOURS !
